

# VI. International Ege Composite Materials Symposium 2024

27-29 November 2024 | Ege University, Izmir- Türkiye

Dear Colleagues,

We are delighted to announce KOMPEGE 2024 (VI. International Ege Composite Materials Symposium) organized by Ege University Faculty of Engineering that will take place between November 27-29, 2024 in Ege University Campus, Türkiye.

**KOMPEGE 2024** aims to provide a platform to bring together academicians, researchers, industrialists, practitioners and other related experts from home and abroad to share knowledge and experiences, which will promote intellectual and practical development in all fields of Technology, Engineering, and Science related to Composite Materials.

**KOMPEGE 2024** can accept online / video presentations. The online presentation session will be arranged accordingly in the conference schedule.

The symposium will feature keynote lectures, technical sessions, poster presentations, and interactive discussions on a wide range of topics related to composite materials, including but not limited to:

- Composite materials processing and manufacturing
- Characterization, testing, and modeling of composites
- Advanced composite materials and structures
- Applications of composites in aerospace, automotive, marine, civil, and other industries
- Sustainable and eco-friendly composites
- Bio-inspired composites and biomaterials
- Nanocomposites and hybrid composites
- Recycling and circular economy of composites
- Composite materials for energy and environmental applications
- Composite materials in additive manufacturing and 3D printing

*We cordially invite you to join us at KOMPEGE 2024 to actively participate in this international symposium and contribute to the exchange of ideas, collaborations, and advancements in the field of composite materials.*

*For more information about the symposium, including registration, accommodation, and travel details, please visit our website at **[www.kompege.org](http://www.kompege.org)***

*For the most efficient realization of the scientific Symposium, we kindly invite you to submit your original research works to the **International Ege Composite Materials Symposium KOMPEGE 2024**. We will be honoured with your participation and contribution to this event.*

*We look forward to seeing you at Ege University Campus-**Türkiye in November 2024**.*

*Best regards,*

**KOMPEGE 2024 Organizing Committee**
